Tax Expenditure Allowance Instructions Page

Completing T.E.A. Form.**Overview**

The Tax Expenditure Allowance form consists of 5 pages. Each entry on the forms is the allowance amount of your taxes you specify to be spent on that Department or Program.

T.E.A. Form TEA-MCD-BDR-F2009

Entries 1 through 40 on pages 1 through 4 are the entries for the allowance amounts for each Department or Program. These amounts are the portion of your taxes that are allowances you specify for each Department or Program. You may enter any amount for each entry including \$0.00. Entries 41 through 45 are subtotals and totals. If you have entered more than what you have paid in taxes, the amount in entry 46 will be the amount you are voluntarily paying extra. If you have entered less than what you have paid in taxes, entry 47 will be the amount you allow Congress to spend at their discretion.

Specific Item options - Allowances for Controversial Programs

Page 5 is to notify Congress if you do or do not want any of your allowance for a Department or Program to go to a specific item that is part of a larger Department or Program. Fill in the circle for YES if you want to allow your taxes to fund that item, or NO if you do not want to allow your taxes to fund that item. The blank entries are for taxpayer entries of items not included that they would like to have specifically funded or not funded by their allowance to the Federal Government. You may attach additional pages of page 5 as page 5a, 5b, 5c, etc., if you require more taxpayer entry lines of items.

Worksheet

Entries 48 through 128 on pages 7 through 11 are the worksheet for calculating the amounts you have available for each entry on pages 1 through 5, entries 1 through 47. Simply follow the instructions in the entry lines to determine the tax funds available after giving an allowance to previous Department or Program entries. Pages 7 through 11 do not need to be filled in if you are familiar enough with the procedure to complete entries 1 through 47 without the worksheet. The worksheet does not need to be mailed in with pages 1 through 5.

Budget Information

Pages 13 through 47 contain basic information on the current proposed 10 year budget for each Department and Program. The TOTAL budget line is the amount the United States President and Congress has proposed for spending. The INDIVIDUAL Responsibility line is the average amount each individual taxpayer would pay if all taxpayers paid their average fair share. Your allowance you specify for each Department or Program on pages 1 through 5 may be higher or lower than these figures. The averages are based on the number of taxpayers in 2006, the latest available numbers. Pages 13 through 47 are a guide to help you determine what proportion of your taxes you feel should be specified for allowances in the entries 1 through 47.

Appendices A, B, C, contain mailing address for Senators, Representatives and the President

Information and Data Tables:

The President's budget for 2009 totals \$4,148,800,000,000.00.

The financial cost of the Iraq War and the War in Afghanistan are not part of the defense budget; they are appropriations.

\$75.8 billion - Supplemental and Emergency spending (\$70 billion for Global War on Terror - and \$5.8 billion for Gulf Coast Hurricane relief)

Along with this is a Debt. With projected receipts significantly less than projected outlays, the budget proposed by President Bush predicts a net deficit of approximately \$1.841 trillion, adding to a United States governmental debt bringing the total debt to about \$12.867 trillion.

Details of the proposed 2009 Federal Budget are at:

<http://www.gpoaccess.gov/usbudget/fy09/pdf/budget/tables.pdf> .

As well as the updated budget amounts actually allocated at:

<http://www.whitehouse.gov/omb/budget/fy2010/assets/summary.pdf>

More budget information at:

<http://www.whitehouse.gov/omb/budget/fy2009/budget.html> .

The President's budget for 2010 totals \$3,846,600,000,000.00.

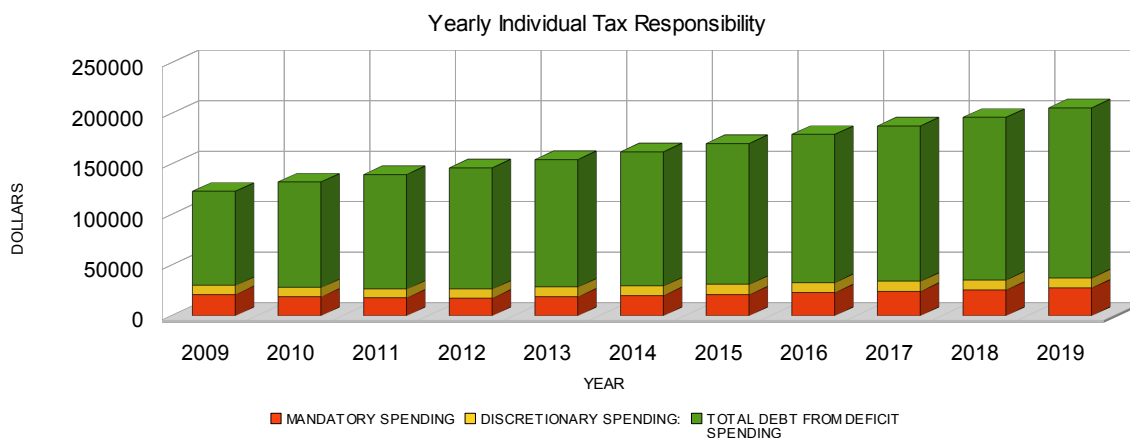

More details at:

http://www.whitehouse.gov/omb/assets/fy2010_new_era/A_New_Era_of_Responsibility2.pdf .

There are 138,394,754 taxpayers (latest figures available are 2006) per year and is the figure used to calculate the average per taxpayer cost responsibility.

Detailed information can be found at:

Discretionary Spending:

11. United States Department of Agriculture

USDA has created a strategic plan to implement its vision. The framework of this plan depends on these key activities: expanding markets for agricultural products and support international economic development, further developing alternative markets for agricultural products and activities, providing financing needed to help expand job opportunities and improve housing, utilities and infrastructure in rural America, enhancing food safety by taking steps to reduce the prevalence of foodborne hazards from farm to table, improving nutrition and health by providing food assistance and nutrition education and promotion, and managing and protecting America's public and private lands working cooperatively with other levels of government and the private sector. 12. United States Department of Commerce

The historic mission of the Department is "to foster, promote, and develop the foreign and domestic commerce" of the United States. This has evolved, as a result of legislative and administrative additions, to encompass broadly the responsibility to foster, serve, and promote the Nation's economic development and technological advancement. The Department fulfills this mission by:

- Participating with other Government agencies in the creation of national policy, through the President's Cabinet and its subdivisions.
- Promoting and assisting international trade.
- Strengthening the international economic position of the United States.
- Promoting progressive domestic business policies and growth.
- Improving comprehension and uses of the physical environment and its oceanic life.
- Ensuring effective use and growth of the Nation's scientific and technical resources.
- Acquiring, analyzing, and disseminating information regarding the Nation and the economy to help achieve increased social and economic benefit.
- Assisting states, communities, and individuals with economic progress.

15. United States Department of Education

ED was created in 1980 by combining offices from several federal agencies. ED's mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access. ED's 4,200 employees and \$68.6 billion budget are dedicated to:

- Establishing policies on federal financial aid for education, and distributing as well as monitoring those funds.
- Collecting data on America's schools and disseminating research.
- Focusing national attention on key educational issues.
- Prohibiting discrimination and ensuring equal access to education.

* There is a discrepancy in the President's Budget amount and the reported ED budget on the ED website. The President's Budget is \$41.4 Billion but ED reports a budget of \$68.6 Billion.

16. United States Department of Energy

The Department of Energy's overarching mission is to advance the national, economic, and energy security of the United States; to promote scientific and technological innovation in support of that mission; and to ensure the environmental cleanup of the national nuclear weapons complex. The Department's strategic goals to achieve the mission are designed to deliver results along five strategic themes:

- Energy Security: Promoting America's energy security through reliable, clean, and affordable energy
- Nuclear Security: Ensuring America's nuclear security
- Scientific Discovery and Innovation: Strengthening U.S. scientific discovery, economic competitiveness, and improving quality of life through innovations in science and technology
- Environmental Responsibility: Protecting the environment by providing a responsible resolution to the environmental legacy of nuclear weapons production
- Management Excellence: Enabling the mission through sound management
- Within these themes there are sixteen strategic goals which are designed to help DOE successfully achieve its mission and vision.

18. United States Department of Homeland Security

Homeland Security leverages resources within federal, state, and local governments, coordinating the transition of multiple agencies and programs into a single, integrated agency focused on protecting the American people and their homeland. More than 87,000 different governmental jurisdictions at the federal, state, and local level have homeland security responsibilities. The comprehensive national strategy seeks to develop a complementary system connecting all levels of government without duplicating effort. Homeland Security is truly a “national mission.”

The following list contains the major components that currently make up the Department of Homeland Security.

Department Components

- The Directorate for National Protection and Programs
- The Directorate for Science and Technology
- The Directorate for Management
- The Office of Policy
- The Office of Health Affairs
- The Office of Intelligence and Analysis
- The Office of Operations Coordination
- The Federal Law Enforcement Training Center
- The Domestic Nuclear Detection Office
- The Transportation Security Administration (TSA)
- United States Customs and Border Protection (CBP)
- United States Citizenship and Immigration Services
- United States Immigration and Customs Enforcement (ICE)
- The United States Coast Guard
- The Federal Emergency Management Agency (FEMA)
- The United States Secret Service

19. United States Department of Housing & Urban Development

HUD's mission is to increase homeownership, support community development and increase access to affordable housing free from discrimination. To fulfill this mission, HUD will embrace high standards of ethics, management and accountability and forge new partnerships--particularly with faith-based and community organizations--that leverage resources and improve HUD's ability to be effective on the community level.

20. United States Department of the Interior

The Department of the Interior (DOI) is the nation's principal conservation agency. Our mission is to protect America's treasures for future generations, provide access to our nation's natural and cultural heritage, offer recreation opportunities, honor our trust responsibilities to American Indians and Alaska Natives and our responsibilities to island communities, conduct scientific research, provide wise stewardship of energy and mineral resources, foster sound use of land and water resources, and conserve and protect fish and wildlife. The work that we do affects the lives of millions of people; from the family taking a vacation in one of our national parks to the children studying in one of our Indian schools. Interior is a large, decentralized agency with over 67,000 employees and 280,000 volunteers located at approximately 2,400 operating locations across the United States, Puerto Rico, U.S. territories, and freely associated states. We discharge our responsibilities on a \$16.8 billion total annual budget. DOI raises more than \$18.2 billion in revenues collected from energy, mineral, grazing, timber, recreation, land sales, and other revenue producing activities.

*There is a discrepancy in the President's budget of \$11.3 billion and the DOI websites budget report of \$16.8 billion.

25. United States Department of Transportation

The mission of the Department is to:

Serve the United States by ensuring a fast, safe, efficient, accessible and convenient transportation system that meets our vital national interests and enhances the quality of life of the American people, today and into the future.

DOT Agencies :

The top priorities at DOT are to keep the traveling public safe and secure, increase their mobility, and have our transportation system contribute to the nation's economic growth.

DOT employs almost 60,000 people across the country, in the Office of the Secretary of Transportation (OST) and its operating administrations and bureaus, each with its own management and organizational structure:

- Office of the Secretary of Transportation
- National Highway Traffic Safety Administration
- Federal Aviation Administration
- Office of Inspector General
- Federal Highway Administration
- Pipeline and Hazardous Materials Safety Administration
- Federal Motor Carrier Safety Administration
- Research and Innovative Technology Administration
- Federal Railroad Administration
- Saint Lawrence Seaway Development Corporation
- Federal Transit Administration
- Surface Transportation Board
- Maritime Administration

32. National Science Foundation

The National Science Foundation (NSF) is an independent federal agency created by Congress in 1950 "to promote the progress of science; to advance the national health, prosperity, and welfare; to secure the national defense..." With an annual budget of about \$6.06 billion, we are the funding source for approximately 20 percent of all federally supported basic research conducted by America's colleges and universities. In many fields such as mathematics, computer science and the social sciences, NSF is the major source of federal backing.

33. Small Business Administration

The U.S. Small Business Administration (SBA) was created in 1953 as an independent agency of the federal government to aid, counsel, assist and protect the interests of small business concerns, to preserve free competitive enterprise and to maintain and strengthen the overall economy of our nation. We recognize that small business is critical to our economic recovery and strength, to building America's future, and to helping the United States compete in today's global marketplace. Although SBA has grown and evolved in the years since it was established in 1953, the bottom line mission remains the same. The SBA helps Americans start, build and grow businesses. Through an extensive network of field offices and partnerships with public and private organizations, SBA delivers its services to people throughout the United States, Puerto Rico, the U. S. Virgin Islands and Guam.

35. Corporation for National And Community Service

The Corporation for National and Community Service plays a vital role in supporting the American culture of citizenship, service and responsibility. We are a catalyst for change and champion for the ideal that every American has skills and talents to give.

The Corporation is the nation's largest grantmaker supporting service and volunteering. Through our Senior Corps, AmeriCorps, and Learn and Serve America programs, we provide opportunities for Americans of all ages and backgrounds to express their patriotism while addressing critical community needs.

36. National Infrastructure Bank

The creation of a National Infrastructure Reinvestment Bank was first proposed by Senator Christopher J. Dodd and Senator Chuck Hagel in 2007. Barack Obama backed this proposed legislation in February 2008. Obama suggested that the Bank would borrow US\$60 billion of federal funding to invest in infrastructure over 10 years, while leveraging "up to \$500 billion" of private investment. It would invest in high-speed trains to provide an alternative to air travel, energy efficiency and clean energy, among others. According to Obama, the Bank's "work will be determined by what will maximize our safety and security and ability to compete" and it would "create nearly two million new jobs", mainly in the construction industry.
